EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech	Indian Institute of Technology, Guwahati	7.47	2017-2021
Senior Secondary	CBSE Board	85.4%	2016
Secondary	CBSE Board	9.6	2014

EXPERIENCE

- Software Engineer II, Citrix CSG** *July '23 - Present*
 - Contributing as a platform team member of Citrix ADC SDX appliance, Networking & cloud
 - Collaborated with Walmart on the live migration of the SDX platform, achieving zero downtime.
 - Designed and Developed a Unit Test Automation Tool supporting multiple programming languages, with Spring Boot serving as the web-based orchestrator.
 - Developed a Kibana dashboard for streamlined analysis of test execution and failure metrics.
- Software Engineer I, Citrix** *July '21 - July '23*
 - Enhanced Platform Test Orchestration System(PTOS) and Automated multiple tests of Netscaler, SDX platform.
 - Awarded spot bonus for resolving VRRP protocol issue in Fortville driver and delivering it to the customer.
 - Contributed to SDX XenServer upgrade, supporting Mellanox and Fortville drivers.
 - Dockerized a Django automation application, enhancing test case execution; received the Rajiv Sinha Technology Innovation and Excellence Award.
 - Addressed networking, automation, and internal bugs for Citrix ADC SDX appliance, resolving multiple customer issues.
- Software Engineering Intern, Citrix** *May '20 - July '20*
 - Build a web application of Wireshark from scratch for easy and efficient analysis of packet captured files.
 - Used Tshark as network protocol analyser, angular as frontend and Express as backend framework.
- Mathematics Tutor** *June '18 - Feb '20*
 - Created and maintained a friendly and engaging classroom environment for IIT aspirants at Prism Eduventures.
 - Mentored and motivated IIT aspirants at MyTutor247.

PROJECTS

- Cloudinator** *July'21 - Aug'21*
Citrix Tech-events
Managed dev cloud resources that are left behind after the employees leaves the organisation posing security threats, ownership gaps and redundant cost to the team and organisation. Used Azure Resource Management API to search unmanaged resources, deallocating it and cost and other metrics analysis in Power BI.
- V-Motion** *Jan'19 - March'19*
Electronics Club
Virtual music player which plays music according to the movements of hands. Performed depth image segmentation, convex hull, contours finding, music threading using Intel RealSense camera to generate the music.

TECHNICAL SKILLS

- Programming:** C++, Java, Python, perl
- Web technologies:** Springboot, AngularJs, NodeJs
- Software and Tools:** Git, Wireshark, Docker, Tshark, Kibana, Opencv
- Cloud/Database::** AWS, Xenserver, MySql, MongoDB
- MOOCs:** Data structure & Algorithms, Design Patterns, Computer Networking, Operating System

POSITIONS OF RESPONSIBILITY

- Scrum Master**, Citrix ADC SDX appliance team. *Dec'23 - Mar'24*
- Computer Vision and Machine Learning Head**, Electronics Club IIT Guwahati. *Apr'19 - Apr'20*
- City Representative**, Technothlon 2018.

ACHIEVEMENTS

- Received **Spot Bonus** twice at Citrix for solving **customer issue** and delivering it.
- Received **pre-placement offer** from Citrix.
- Best project award and best demo project award for V-Motion in Techevince, 2019.

EXTRACURRICULARS

- Github Copilot** : Attended GitHub Copilot workshop at Microsoft, boosting AI-assisted coding skills.
- Kriti** : Participated in institute level hostel technical competition and secured 4th position.
- Hobbies** : Loves Mentoring, Playing cricket and travelling.
